**Tim O'Driscoll:**

Greetings! This is state Representative Tim O'Driscoll.

I've been fighting in St. Paul for our central Minnesota values and priorities.

Along with other current central Minnesota legislators, I have been working on reforms to keep health insurance premiums affordable. Some in our state will be paying an increase in premiums of as much as 67% next year. Folks, this is not sustainable.

With your vote, I will continue to work with others to bring about needed reform.

I'm Tim O'Driscoll and I approve of this message.

**Tim O'Driscoll:**

Greetings! This is state Representative Tim O'Driscoll and it has been an honor to serve you in St. Paul.

The residents of central Minnesota want and deserve good, hardworking leaders in the legislature.

If you send me back to St. Paul, you know that I will continue to stand up for what's important to Minnesotans, including family values and protecting life at all stages.

I ask for your vote.

I'm Tim O'Driscoll and I approve of this message.

**Tim O'Driscoll:**

Greetings! This is state representative Tim O'Driscoll. I'm proud of our area high school students and their involvement in extracurricular activities, like tonight's football game.

Students who participate in structured extracurricular activities tend to relate better to others, be problems solvers, value teamwork and do better academically than those who do not participate.

Through academics and extra curriculums we are building tomorrow's leaders today.

Once again, this is state representative Tim O'Driscoll wishing all of our area students success this school year.
